CSY2030 Java Revision 1 Lab Session

1. Make a program that prints the following Einstein quote to the screen. Make sure it includes the quote characters.

> *"I do not carry such information in my mind since it is readily available in books....The value of a college education is not the learning of many facts but the training of the mind to think."*

2. Add a second line that attributes the quote to Albert Einstein. This should be on a separate line to the quote. Program output:

> *"I do not carry such information in my mind since it is readily available in books....The value of a college education is not the learning of many facts but the training of the mind to think."*
> -Albert Einstein

3. Extend the program from task 1 to print the quote and attribution 6 times. Bonus: Can you add a blank line between each quote?

4. Write a program that uses a *for* loop to display all the odd numbers from 21 to 99.

5. Write a program that uses a *while* loop and a *switch* statement to display the textual representation of each number 0-9 i.e Zero One Two ...etc
